

THE ANNUAL VAFoST YOUNG ACHIEVERS' SAFE FOOD AWARD

“Safe, nutritious and diverse foods for fast growing economies in ASEAN”

UBM is so much more than Asia's leading conference organiser, which is why we are again encouraging and rewarding young talent – to source, grow and nurture the future leaders of Vietnam Thailand and Cambodia's food and beverage industry. With the support of the Saigon Technology University this year's competition theme is 'Safe, nutritious and diverse foods for fast growing economies in ASEAN'.

Date: 16-18 May 2018

Time: 09.00-17.00 (16-17 May), 09.00-16.00 (18 May)

Organised by:

Goal of the Competition:

Under the framework of the International Exhibition and Conference FI Vietnam 2018, the “YOUNG ACHIEVERS' SAFE FOOD COMPETITION” is organized by VAFoST in partnership with UBM, and with the support of Saigon Technology University. This competition aims to provide opportunities for Food Science & Technology students from universities, colleges and vocational schools in Vietnam and other ASEAN countries to create new food products from innovative usage of local raw materials and safe food ingredients that will cater to the emerging needs of consumers in ASEAN's fast growing economies.

The programme will be announced soon.
