

# Visitor sustainability check list

## 4 things to remember:

1

As a visitor your biggest environmental impact is from travelling to the event. Pick public transport such as trains over planes or taxis

2

At the show be aware of what waste you are generating and reduce it as much as you can, ensure you use the recycling facilities provided

3

Ask exhibiting companies about the sustainability credentials of their business and their products

4

Check out our event charity partner, how could you support them?
