

Milan, June 2018

**Sahrai Milano** is exhibiting for the first time at Decorex 2018.

This appointment with the London Design Festival could not be missed due to the recent opening of the prestigious London Flagship store in Mayfair.

The Sahrai Collections will be presented at the Syon Park fair during the day and supported by evening events in the store in 62-64 Brook Street.

**Sahrai Milano** proposes countless innovations within its 2018 Rug Collections.

The latest Rugs designed by the Italian Architects **Marco Piva** and **Dordoni & Guillaumier** will be displayed on this important occasion.

Marco Piva signs the **"CAVE" Collection** with a range of outstanding Rugs, inspired by selected caves of Antolini's marbles.

**"CROSSHATCH"** Capsule Collection designed by Rodolfo Dordoni and Gordon Guillaumier successfully launched at the Salone del Mobile in April 2018, will also be presented for the first time in the UK during Decorex.

**Armani Casa Rugs** and **Gianfranco Ferré Collection** of Exclusive Bespoke Rugs enhance the SAHRAI MILANO proposal.

Each Sahrai Rug is finely handcrafted by master weavers and expresses refinement, intricacy of Design and know-how. Pure silk and fine wools of carefully selected colors are interlaced on warp and weft to create unique artworks of timeless value.
